TENTH ANNUAL MEETING
OF THE]
PRESBYTERIAN HOSPITAL SOCIETY
OF THE CITY OF CHICAGO.

**Held in the Chapel of the Hospital Building, Cor. Congress and Wood
Streets, August 28, 1893, at 3 o'clock P. M.**

CHICAGO, August 28, 1893.

The meeting of the Hospital Society was called to order by President George M. Bogue. Prayer was offered by Rev. Dr. John L. Withrow. Owing to the absence of Secretary William A. Douglass, Dr. H. B. Stehman was, on motion, appointed Secretary pro tem.

The following members were present: George M. Bogue, Thomas Kane, Ernest A. Hamill, John S. Gould, S. W. Rawson, Thomas Hood, George W. Hale, Rev. John L. Withrow. A. A. Sprague, William C. Gray, J. C. Welling, Thomas Dent.

Superintendent H. B. Stehman read his report. Treasurer George W. Hale read his report. The President then read his report, after which the following resolution was offered, and on motion adopted:

Resolved, That the proper officers of the Presbyterian Hospital of the City of Chicago, subject to the approval of the Board of Managers, are hereby authorized to borrow in sums from time to time not exceeding \$75,000, in the aggregate, to pay any indebtedness now existing, or to be incurred during the present fiscal year.

TENTH ANNUAL REPORT
OF THE
BOARD OF MANAGERS
OF THE
Presbyterian Hospital
OF THE
CITY OF CHICAGO.

To the Members of the Society:

Complying with the provisions of the Constitution, the Board of Managers submit to the annual meeting of the Society the report of the Hospital for the year ending March 31, 1893, it being the tenth annual report of the managers.

THE PAST YEAR'S WORK.

The managers humbly return thanks to God for his mercies to the Hospital, and while they point with pride to the great work accomplished during the past year, they are conscious of the fact that the Hospital has failed to perform the good expected of it, simply because the Managers have not been provided with the means to properly alleviate the sufferings of the sick poor, which the needy of this great city press up to our doors.

The Managers ask the members of the Society to carefully read the reports of the several departments, which give in detail the work of the past year.

HOSPITAL VESTIBULE.

2,131 patients were treated during the year, as against 2,075 the year previous, and the total number of days of treatment during the year was 72,270, as against 62,437 the previous year.

Number of patients treated.....	2,131
" " days of treatment.....	72,270
" " attendants.....	547
" " patients cured.....	1,339
" " " improved.....	345
" " " unimproved.....	65
" " " not treated.....	79
" " " died.....	102
" " " remaining March 31, 1893.....	201

The daily average for the year was 198. The highest number at any one time was 236, and the lowest was 163.

Since the opening of the Hospital more than 10,000 patients have been received, and more than one-fifth of this number have been treated during the past year.

The cost of administration during the year was \$91,144.67. For current expenses alone \$85,768.90 was expended, making a cost per capita of \$1.17 per diem, or \$1.25 for the gross expense account. \$60,384.01 was received from pay patients, \$9,924.83 from interest on endowment funds and \$12,982.64 account of annual beds and donations, leaving \$8,853.09 as a deficit for the year.

The daily average of endowed beds was 61, while the daily average of free patients was 73, making 26,645 days of free treatment, and an average of 12 in excess of the endowments. The condition upon which patients were admitted are shown in the subjoined table:

WEEKLY AVERAGE CHARGE OF PATIENTS IN THE HOSPITAL.

Daily average for the year..	73+	1+	1+	6—	15—	3—	47+	23—	10+	15+	3+	198—

It will be noticed from the above table that more than one-third of the patients were cared for entirely free, and that the charges of three-fifths of the remainder averaged \$1.00 per week less than the actual cost of maintenance, whereas the charges for the balance, the great majority of whom occupied private

rooms and were provided with special nurses, without charge for board, averaged only \$4.25 per week above the daily cost per capita.

Moreover, the receipts from pay patients averaged nearly \$200 less per month than the charges, so that a further deduction of over \$2,000 should be made from the charges, as exhibited by the above table.

THE LADIES' AID SOCIETY.

The Managers submit the report of the Ladies' Aid for the last year, and bespeak for it the careful attention of all friends of the Hospital. The work accomplished by the ladies surpasses the record of any previous year, and the great work of the Hos-

pital is made possible *solely* by the efforts of these Christian women.

During the past year the Hospital lost the valuable services of Dr. J. Suydam Knox, who died at his post in the prime of life.

Dr. Knox was a warm and faithful friend

WM. ARMOUR WARD.

of the Hospital, who was ever ready to respond to the call of those who needed his assistance.

The department for throat and lung diseases has already proved to be of great advantage to the Hospital. In providing for such an addition, the Board have not only enabled the management to reach such as from the nature of the disease or financial circumstances would have been neglected, but also relieved the general hospital of patients, who unfortunately aside from being a menace to the sick are also a source of great annoyance.

The contract of the Hospital with the Illinois Training School, which expires Oct. 1st of this year, has been renewed for another five years.

The important changes from the old agreement is the provision whereby permanent head nurses are employed in all the departments.

In this agreement also the Hospital is relieved of the Training School laundry, which has proved quite a burden with our present laundry facilities.

HARRIET G. SABIN ROOM.

MARSHALL FIELD ROOM.

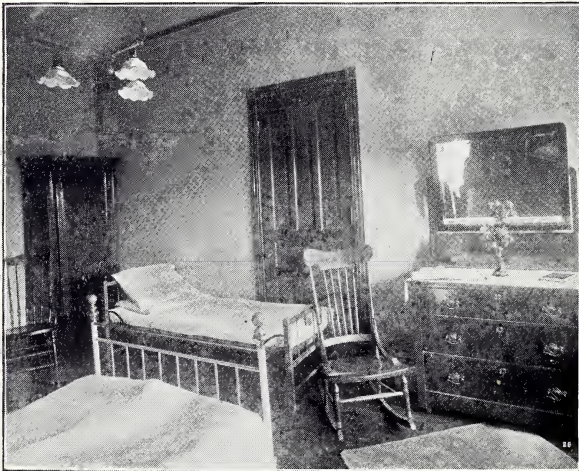

For the past few years the managers have been very uneasy over the location of the boilers and engine room, and a slight

CHILDREN'S WARD.

accident was experienced, which warned the managers that the greatest danger existed in allowing the boilers to rest under any part of the Hospital building, and realizing the danger as the Board did, we early last year arranged to erect a new boiler and engine house, which we did on the rear of the Hermitage avenue lots, purchased during the year 1892.

This has been done at a total cost of about \$23,500, \$19,000 of

ISABELLA C. ALLEN ROOM.

which has been paid, leaving about \$4,000 yet to be provided for.

To pay for these extraordinary expenses, as well as to pay for the lots purchased on Hermitage avenue, the Managers have been obliged to borrow about \$30,000, and pro-

vision must soon be made by which this amount can be carried.

The Managers urge upon all friends a greater personal interest in the Hospital, and they respectfully suggest to the pastors of

the several churches a greater personal effort on their part to bring the Hospital to the notice of their people, for the donations to the Hospital by the Churches must be increased or our Hospital, which has done such noble work in the past, must take a backward step.

The Managers have in their efforts to provide for God's sick and unfortunate children, cared for all worthy cases who have knocked at our doors, but the large deficit of last year ad-

monishes us that we have gone too far, and from this time on the Managers will dispense only such charity as is placed in their hands to work with.

All of which is respectfully submitted

By order of the Board of Managers.

REPORT OF THE SECRETARY.

This goodly year of '93, which is destined to mark an important epoch in American annals, is the ninth year in the life of the Ladies' Aid Association of the Presbyterian Hospital of Chicago.

Our tender age might seem to hint of youth and weakness and tempt a superficial critic to relegate us to the juniors of the forces striving to do something of Christ's work in this land, but growth and power in our line have other measurements than time. We can revert to our record with reverent thanks and worthy pride, and our successes in the past presage better and greater things for our future,

MRS. S. B. COBB ROOM.

and will be a spur to continued and unremitting endeavor.

Our very needs prove the enlargement of our borders and our increasing opportunities and responsibilities, and the hearts of all the women in the many Presbyterian Churches of America should pulsate with enthusiastic desires to aid in this effort to lift our unfortunate fellow-travelers in life who are falling by the way.

The monthly meetings of our Association have been largely attended, and the reports of the various standing committees and of the Medical Superintendent have stimulated interest and afforded much valuable information.

The report of the furnishing committee gives a comprehensive statement of the work in that department, and the report of the

committee on delicacies tells of the generosity of the members of the churches in supplying tempting edibles for the inmates.

The library committee reports an increase of 214 books during the past year. Fourteen of these have been purchased from

the library fund and 200 have been donated.

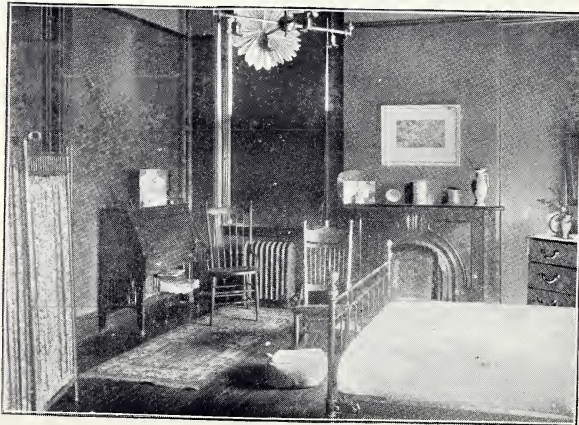

Pamphlets, magazines and papers have also been contributed in generous quantities. The growth of the library will be shown by the fact that six years

ago there were less than 300 books on hand, while at the present date nearly one thousand (1,000) volumes are to be found upon the shelves, and this, despite the number already lost and destroyed by ungentle usage during the year. This committee

reports an expenditure for new books and for recovering of old ones \$16.94 and a balance on hand of \$21.01

by the unselfish efforts of Miss Patterson. In consequence of the prayers and teachings of these good women several

patients have risen from their beds of pain repentant, purified and consecrated to the God of whom they had been so unhappily ignorant or negligent, and some—to whom the call to the life beyond had come—went willingly and trustingly because of the truths learned during their sojourn in the wards of this Hospital.

We must again thank Miss Gould for her efforts to complete

the endowment of the Sunshine bed in the children's ward of the Hospital.

The Thanksgiving dinner was supplied as usual by the generosity of Mr. S. W. Rawson, and the Christmas dinner by the kindness of Mr. Parsons. In the distribution of Christmas gift every patient in the Hospital was remembered.

During the past year the shadow of death has fallen upon us. Our faithful and valued

co-workers, Mrs. John De Witt and Mrs. J. R. Bowie have been called to their eternal homes. In the death of Mrs. De Witt the

children's ward of the Hospital lost a most generous friend, for beside large contributions of needful articles, it was her custom to send, monthly, a sum of money to be expended for the comfort and enjoyment of the little sufferers. We must also refer

with sorrow to the vacant place in the band of skillful physicians who have ministered to the patients. In the death of Dr. J. S. Knox the Hospital lost one of its best and most unselfish friends.

As substantial proof of the increase in our work we note the endowment of four (4) rooms within the past year—one by Marshall Field for the use of his employees, one by Mr. Murdoch in memory of his sister, one by Mr. T. C. P. Freer and one by Mrs. John B. Drake.

Two (2) buildings have been purchased on Hermitage avenue—one for the use of men convalescents and the other for sufferers of pulmonary affections.

It has been deemed expedient to largely extend the associate membership of our organization. Firstly, for an increased revenue; and secondly, as a wise method of stimulating a widespread interest in our work amid the sisterhood of the church.

Our efforts for the restoration to health of the sick who are friendless and homeless requires much earnest, patient and unselfish labor, but it is Christ's work and the key note of its inspiration, and of its successful execution is to be found in the words which have come down to us from His own lips: "A new commandment I give, that ye love one another," and the best visible and practical expression of this love is to give ourselves, freely and willingly, for the physical benefit and spiritual elevation of those who have been born under less fortunate stars than ours.
